MEMORANDUM FOR: Deputy Director for Central Intelligence

FROM:

Director, Intelligence Community Staff

25X1

SUBJECT:

Strategic Plan for DDR&E

25X1

1. In response to your request in late September, the Deputy Director for Requirements and Evaluation created the attached Strategic Plan.

25X1

2. This document was reviewed by a number of elements of the staff and many good changes were proposed and included.

25X1

3. We have begun to implement portions of this Strategic Plan in the following ways:

- o Presentations and ad hoc speeches by the DDR&E, such as the one he gave several weeks ago to the Future Intelligence Requirements Forecast for Imagery (FIRF-I) Conference.
- o Changes in the way various DDR&E components do their business, including with each other.
- o An upcoming, minor restructuring of some positions in ICS.

25X1

4. And the basic ideas of this Strategic Plan were used during the DDR&E's presentation at the recent DCI Off-Site Conference.

25X1

5. On page 8, you will see a short list of what we think we need from you at present. More specifically, you may have certain topics you want examined, and on certain timelines; we are at your service.

25X1

6. As you review this plan you will note that it is essentially an in-house effort with support from Community where desirable and feasible. We do not intend to use much contractor support initially. The reasons are twofold:

a. We need to get our own thoughts in order as to how we want to pursue our objectives before engaging external resources.

b. We have no funds to put into the effort at the present time. However, if it appears fruitful to engage external resources on specific tasks, we will find the funds to do it. [REDACTED]
